TO WHOM IT MAY CONCERN

This shall serve as a letter of support on behalf of Bhagwan Shree Rajneesh's application for residency in the United States. I am the president of Unity Communications, a production and finance company in the field of music, television and feature films. My work spans nine years of intensive interaction with performers, actors, actresses, writers, producers, financeers, entertainment industry executives, lawyers, spiritual leaders, etc. I regard Bhagwan Shree Rajneesh as a spiritual leader in every sense of the word. I am not his devotee, nor do I follow his philosophies. I nevertheless have respect and admiration for the man, and feel his presence in the United States would be positive and contributory.

I have reviewed Rajneesh's books, heard his lectures on tape and in person, and have many friends involved in his organization. Whatever negative consideration one might have based on the past, it seems clear that a monumental effort has been made to start anew, since Rajneesh's arrival in the United States, to build a unique, model, spiritually oriented city in Oregon of which our country can be proud. I know him and my friends to be sincere, well-motivated people, and I pray that the immigration authorities responsible grant them the simple request to remain together to carry out their vision.
